### What is a Toll Free Number and how does it work?

Toll Free Numbers are numbers that begin with one of the following three digit codes: 800, 888, 877, 866, 855, or 844. Toll Free Numbers allow callers to reach your business without being charged for the call. It's a free and convenient way to contact a business!

### Does my business need a Toll Free Number?

With the continuous growth of business over the Internet, many small businesses are now considering Toll Free Numbers to make them more accessible to a national customer base.

## What Can a Toll Free Phone Number Do for My Business?

#### BOOST YOUR IMAGE

Using a Toll Free Phone Number makes your business appear more professional and established. Toll Free Numbers can be beneficial when you are setting up a home-office as they help to increase the credibility of your business.

#### GENERATE MORE CALLS

Because customers call your business without being charged, you can dramatically increase the number of calls you receive. The Toll Free Numbers eliminate any sort of uncertainty in the caller's mind.

#### NATIONAL PRESENCE

Grow your national presence. Make sure you're accessible to your national customers by providing them with an easy, cost-free way to reach you when they have questions about your service.

#### POSITIVE BRANDING

Perception is everything, and a Toll Free Number will give your customers a great first impression.

#### AFFORDABILITY

These days, Toll Free Numbers are easy to set up and affordable even for startups and small businesses. eVoice offers a powerful range of features that are included along with your toll free phone number so you can better manage your incoming business calls.

#### EXPANSION

As technology continues to make it easier for small businesses to serve customers beyond their local proximity, more and more small businesses are purchasing a Toll Free Number as customer service/marketing tools.

#### CONNECT YOUR BUSINESS

Choosing a Toll Free Number for your business allows you to easily connect your entire office with one main number.

#### CUSTOMER SERVICE

Customers seek instant gratification and if there's no way for them to reach you, then that could be the last chance you get. Providing a convenient way for customers to call in is still a small detail that makes a big difference.

**Try eVoice Free for 30-Days**

In America, 90% of consumers say they utilize Toll Free Phone Numbers on a regular basis.

50%

Toll Free Phone Numbers can also help decrease customer product returns by up to 50% by resolving issues over the phone.

Customers respond 30% more to an advertisement with a toll free phone number.

#### BUSINESS TIP!

Toll Free Phone Numbers energize your marketing campaigns and drive new customers to contact your business.
